ON STAND BIBS

All the field-proven features of our Timberline pant in a bib for greater warmth. These bibs are ideal for long sits in tree stands and ground blinds. Double seat, triple knee, and eight pockets, including zippered cargo pockets, front hand warmer pocket. Adjustable integral suspenders, belt loops, zippered fly. Colors: CA or SC. Sizes: MD-2XL, long, unhemmed. **Code: P-90**

THREE-WAY HAND SYSTEM

Warm hands are crucial to all backwoods adventures. Our three-layer Hand System ensures your digits stay warm in all conditions with a sure grip and maximum dexterity. The three layers can be used in any combination. Use all three for the warmest glove available anywhere.

THERMAX® LINER GLOVE

#1 First layer in our hand system Works as a wicking layer providing a little insulation plus a lot of dexterity. Colors: Black. Sizes: MD, LG. **Code: A-H/90**

THICKER THERMAX® LINER GLOVE

Works as a wicking layer with double the insulation value as the Thermax® liner gloves. Colors: Black. Sizes: MD, LG. **Code: A-H/89**

WOOL 1/2-FINGER GLOVES

#2 Excellent first or second layer of insulation. Fit, comfort, durability and a sure grip provided by patented rubber Control Dot® palms and fingers. Colors: Charcoal or Brown Tweed. Sizes: MD, LG. **Code: A-H/91**

CROCODILE SLIT PALM MITT

#3 Wear over layers one or two (or both for really extreme conditions.) Comf-4-Lock® wool back and double face Polartec® lining complement supple full grain deerskin palm. Flaps over palm slits keep out drafts. Fold back palm to expose fingers. Velcro® tabs hold mitt out of the way. Colors: CA or SC. Sizes: LG,XL. **Code: A-H/92**
